MEMORY NUMBER 10

INGER & OLLE

Inger & Olle are ISAK's grandparents. They met as children and walked through the forest to school every day. Sometimes they played, sometimes they held hands, often noisy, sometimes silent. They started falling in love and never stopped tumbling into each others hearts. They built a home and raised a family. Now they are patient with the grandchildren, kind to strangers, cheeky to their grown children and naughty on their own. We adore them and we'd like you to meet them.
